    2. Reference B outlines the subject areas that the Subcommittee intends to cover with each.     3. There is no time yet arranged for the interviews. Congressman Fraser has requested that we expand our Memorandum of Understanding and permit additional Subcommittee staff members to be cleared and added to the list of staffers with access to Agency material. This includes the intended interviewer, Mr. Steven Blush. The request to give Mr. Blush access has not yet been answered by the DCI; therefore, unless the Subcommittee substitutes one of the two staffers who are listed, the interviews are not imminent. 25X1
